

LEARN TO CARE PREP, LLC

Thank you for considering Learn To Care Prep, LLC. Our mission is to inspire individuals to take a leap of faith. We envision our students gaining a clear understanding of their roles as healthcare professionals. Our objective is to educate our community and the surrounding areas to become proficient healthcare providers.

Our clinical classroom, located in Minneola, Florida, is fully equipped with all the necessary supplies to practice each clinical skill that might be tested on the Florida CNA exam. Our instructors are licensed Registered Nurses (RNs) with the Florida Board of Nursing and are also certified by the American Heart Association (AHA) to provide BLS/CPR training. With over 20 years of experience in healthcare, our instructors are committed to nursing and education.

CNA Exam Preparation

The Certified Nursing Assistant (CNA) Training is an approximate 40-hour course, spread over 4 days, blending in-person and online study. It is tailored to the Florida CNA exam conducted by Prometric. We offer access to written materials for self-paced study, including audio and Q&A. Clinical skills (22 in total) are reviewed in person in our clinical classroom. Additionally, students have the chance to participate in a mock exam review in the classroom.

CPR/ BLS

Our BLS/CPR training is suitable for healthcare workers, educators, daycare staff, friends, and family. We can conduct training in our clinical classroom or at a location you choose. The duration of the training varies from 2 to 4 hours, depending on the course and class size.

For any inquiries or interest in our training programs, please feel free to reach out to any of our instructors for further details.
